

€-Z met™ 2mm HM Type B-19 Receptacle, Right Angle

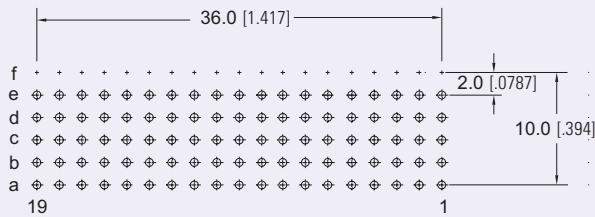

The €-Z met™ Type B-19 connector provides 95 contacts. These connectors are available either with or without integrated upper ground return shields. Lower ground return shields may be ordered separately.

The Type B-19 connector is used in the J3 position on the Compact PCI® daughtercard. This connector is not designed to be used alone, but may be used together with either a Type A, C, L, M or N €-Z met™ connector.

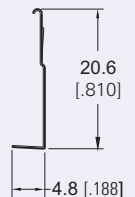

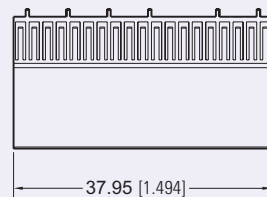

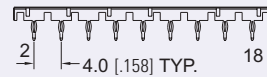

Dimensions are in mm [inch]
